

## Other Ways to Support the Mentoring Program

It takes more than mentors for matches to happen! Here are some ways you can support the Mentoring Program:

1. As an informed community member, you can help us **spread the word about mentoring** by sharing what you learned! People are more likely to consider themselves as possible mentors when a *friend tells them they would be good at it*.
2. **Come to one of our events!** The Calaveras Mentoring Foundation fundraisers include THE PARTY and the Murphys Homecoming Duck Races. Ask us about becoming a sponsor for an event!
3. Promote the Mentoring Program by **liking our Facebook page** and sharing our posts.
4. **Invite our program staff to present at your community organization or charitable group.** This is one way we can reach broader networks of people, but recruiting mentors is just one benefit.
5. We love to collaborate and get our matches out into the community- good relationships with other groups in Calaveras County just makes good sense! **Community service** is an annual requirement for matches in the mentoring program. Contact us if you have a project our matches can engage in!
6. Do you own a business or know someone who does? Become a **Mentor Rewards Partner!** This is a program in which businesses offer discounts to mentors and mentees.
7. Lastly, you can help by **contributing money or in-kind services** to the program.

Your donation goes toward recruiting and screening volunteer mentors and matching, monitoring and supporting mentors and mentees with training, field trips and mentor counsel. The Calaveras Mentoring Foundation is a 501(c)3 non-profit and all donations are fully tax deductible. Make a [one-time donation](#) or become a [Friend Forever](#) with a recurring donation.
